WORD FROM THE OWNER

ABOUT US

Dear friends.

Thank you for taking the time to read this brochure and for your interest in our company. Allow us to introduce Apex Gaming SK a manufacturer of high-quality casino and live gaming equipment, proudly offered under the brand name APEX LIVE GAMING.

Our products are crafted by skilled artisans in a region with over two hundred years of woodworking tradition. This heritage a deep connection to wood, expert craftsmanship, and a relentless pursuit of quality — is the legacy passed down to us by our ancestors.

We are proud to continue this tradition and provide products and services beyond expectations. We don't settle for half done work. Because when it comes to live gaming, our main objective is to fully satisfy the needs of our partners.

On behalf of all APEX LIVE GAMING employees, I am happy to say that we look forward to helping you become the live gaming provider of customer's choice, wherever you are in the world.

ELECTRICAL DEVICES

Time is a precious commodity, time is always a major issue. It's no different in casinos. Some tasks slow down the game. And deprive the dealer of the time he could devote to the more profitable activity – the game itself. We offer an optimal solution. Automatization of service tasks by using our electrical devices.

Electrical devices help casino staff save time and make live games more efficient.
